Shape:  Square; Round: 

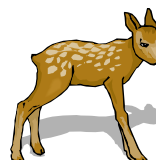

What Lives on the Farm?

### INFANT ROOM

### BABY FARM ANIMALS!

## DIRECTOR'S DESK

May is the month for Teacher Appreciation. Tuesday, May 4th is National Teacher Appreciation Day. Be sure to remember to let your child's teacher know how important they are and how thankful we are for the work that they do every day.

Also, National Nurse's Day is May 12th. We are so lucky to have Mrs. Betty Corder to help keep our children well and to doctor their boo-boos. Remember to express your appreciation to her on this day.

Jeri Johnson

KIDS FIRST Director

### May Birthday's

#### Children

James C - 3

Timothy R 27

#### May Staff

12—Melissa

17—Donna

### *National Nurses Week 2010*

#### *Nurses: Building a Healthy America*

*National Nurses Week is celebrated annually from May 6, also known as National Nurses Day, through May 12, the birthday of Florence Nightingale, the founder of modern nursing. KIDS FIRST is a unique example of the diverse ways that nurses work to improve the quality of health care in America, in all types of settings, from the hospital to the community. We honor our KIDS FIRST nurses for their commitment to children with special health care needs.*

*Remember our Nurse Betty for all she does for us!!!!*

## Project Nurture

### Nurturing Idea for May

April 27 was National Tell A Story Day. Gather three random items from around the house (a cup, a shoe, a toothbrush, etc.) and place them in a bag. Pull the items out one at a time as you tell a story based on those items. Change the items and allow each family member to have a turn.

What is Project Nurture?

Project Nurture is KIDS FIRST's Infant Mental Health Program. Our goal is to promote the social and emotional well-being of KIDS FIRST infants, toddlers, and families through secure and nurturing relationships.
