## Project Nurture

### Nurturing Idea for October

**Why do you love me?** Gather pictures of each member of your family and bring them to the dinner table. Pass one of the pictures around while each family member tells why they love that person. *I love Momma because she's nice to me. I love Susan because she shares her toys.* Help your younger ones

put their feelings into words. Once the photo has made it all the way around the table, start the next one going. Have fun

What is Project Nurture?
